- **Created for homeownership:** The homeownership: The American Dream license plate and the American Dream Housing Fund was created in 2006 to raise money for homeownership by SCR in collaboration with the SC DMV and the state legislature.
- **Directly benefits SC Families:** More than 90 percent of each \$100 specialty tag fee is added to the SCR American Dream Housing Fund and distributed directly to organizations that build affordable housing for low-income families in South Carolina.
